

Dear Dave

On behalf of myself and my parents, we would like to extend our sincerest gratitude to you and the team at Heather & Lay, for all your help and support with selling Polkanugga Farm. From the outset we knew we were in safe hands this time! Having tried other companies with no success, we knew immediately that we had finally got the right people and we trusted that you would do the best for us, which is the most important thing.

You know the market, know your sellers and your buyers. We felt confident that all prospective purchasers were thoroughly vetted before they even viewed, to avoid timewasters. Only the right people came to view the house and this resulted in two parties wanting it. The service you have provided has been impeccable; the professionalism, support and compassion during a very stressful time was second to none. Everyone at Heather and Lay has been outstanding, but in particular Dave, I genuinely can't thank you enough. You went above and beyond your 'job role' to make this sale happen. Wishing you all the best for another successful year!
